## Nutrition Questionnaire

Please answer all questions as they apply to you. This information is collected to plan your nutrition treatment prescription only. All information is confidential.

Name
Date $\qquad$
Occupation
Reason for visit today: $\qquad$
Have you ever seen a Dietitian before? Yes No
Highest adult weight and when: lbs

Lowest adult weight and when: $\qquad$ lbs

Usual body weight: $\qquad$ lbs.

Desired Weight: lbs.

Height: $\qquad$ inches

Current weight: $\qquad$ lbs.

Past/ Present Medical conditions (e.g. high blood pressure, diabetes, etc. $\underline{\text { OR any physical limitations): }}$

Has your appetite changed recently? Yes No If yes, increased or decreased (circle one)?
How many times do you eat per day? meals $\qquad$ snacks

Beverages (types and amounts):
Do you have any problems chewing or swallowing? Yes No
Do you take any vitamin/ mineral/ herbal/ sports/ weight loss supplements? Yes No If so, please describe dose and when you began taking them.

Do you have food allergies? Yes No
If so, please describe allergy, your reaction, and when it started:

Are you now or have you ever followed any special diet? Yes No If so, what type of diet?

Who does the cooking and food shopping in your home? Self Other N/A How often do you eat out or order in from restaurants? $\qquad$ times per week.

What types of restaurants?

On average, how many minutes per week do you engage in cardiovascular exercise?
$\square$ None
$\square<180 \mathrm{~min}$ (3 hrs)
$\square 180-300 \mathrm{~min}$ (3-5 hrs)
$\square 300-480 \mathrm{~min}$ ( $5-8 \mathrm{hrs}$ )
$\square>480 \mathrm{~min}(8 \mathrm{hrs}+)$

On average, how many minutes per week do you engage in resistance / weight lifting exercise?

| $\square$ None | $\square<180 \mathrm{~min}(3 \mathrm{hrs})$ |
| :--- | :--- |
| $\square 300-480 \mathrm{~min}(5-8 \mathrm{hrs})$ | $\square>480 \mathrm{~min}(8 \mathrm{hrs}+)$ |

Do you consume alcohol? Yes No
If yes, how many drinks per week?
Do you use tobacco? Yes No If yes, what kind and how much?
$\qquad$

How many hours of sleep do you get per night? $\leq 4 \mathrm{hrs} \quad 5-6 \mathrm{hrs} \quad 7-8 \mathrm{hrs} \quad \geq 8 \mathrm{hrs}$
Do you feel rested when you wake up? Yes No
How would you rate your stress level on a scale of 1 (low) -10 (high)?145
$\square$
$\square$$\square 10$

List the greatest source(s) of your stress:
Which of the following would you identify as a potential barrier(s)/ concern(s) to making lifestyle changes to improve your nutrition habits/ weight loss? (select all that apply)
$\square$ I don't know what is healthy I eat large portions/ clean my plate even if I'm full
$\square$ I'm lazy $\quad \square$ I don't have energy
$\square$ I eat more when I'm stressed, depressed, bored
$\square$ I don't have time to eat during the day I eat out too much
$\square$ Eating healthy is too expensive
$\square$ I don't have support from family/ oo-workersOther: $\qquad$
Please indicate which ONE statement best represents you:
__ I do not give much consideration to my food or activity choices as factors in my overall health. _-_ I want to eat healthy and be active, but am not ready to make the change at this time.
--- I am thinking about eating healthy and being physically active and plan to begin in the next 6 months.

I just started eating healthy and being more physically active less than 6 months ago
--- I have been eating healthy and physically active for more than 6 months and feel no temptation to stop

Please indicate your health/nutrition goal(s):

Thank you for taking the time to fill out this questionnaire.

Instructions: List time of meal/snack in first column and food and amount eaten in corresponding day. Be as accurate as possible.

## THE SECRET TO SERVING SIZE IS IN YOUR HAND

A fist or cupped hand $=1$ cup
1 serving $=1 / 2$ cup cereal, cooked pasta or rice or 1 cup of raw, leafy green vegetables or $1 / 2$ cup of cooked or raw, chopped vegetables or fruit

## Palm $=3$ oz.of meat

Two servings, or 6 oz , of lean meat (poultry, fish, shellfish, beef) should be a part of a daily diet. Measure the right amount with your palm. One palm size portion equals 3 oz .,
A thumb $=1 \mathrm{oz}$.

Consuming low-fat cheese is a good way to help you meet the required servings from the milk, yogurt and cheese group. $11 / 2-2 \mathrm{oz}$. of low-fat cheese counts as 1 of the 2-3 daily recommended servings.

Handful $=1-2$ oz.of snack food Snacking can add up. Remember, 1 handful equals 1 oz . of nuts and small candies. For chips and pretzels, 2 handfuls equals 1 oz .

## Thumb tip = 1 teaspoon

Keep high-fat foods, such as peanut butter and mayonnaise, at a minimum by measuring the serving with your thumb. One teaspoon is equal to the end of your thumb, from the knuckle up.
 Three teaspoons equals 1 tablespoon.

## 1 tennis ball =

 1 serving of fruitHealthy diets include 2-4 servings of fruit a day.

Because hand sizes vary, compare your fist size to an actuol measuring cup.
